EXPERIENCE

FschoolAI 6/2026 – 7/2026
Software and Product Intern *Toronto, Canada*

- Overhauled the landing page and core dashboard UI, driving waitlist growth to 1,500+ users.
- Co-developed a conversational AI video tutor and a web integration with LMS platforms, unifying course-aware study tools in one app.
- Produced and distributed 7 marketing videos, garnering more than 1.3 million organic views with zero paid promotion.
- Co-organized a product launch event drawing 80+ attendees for live feature demos.

PROJECTS

Crosscode | getcrosscode.dev | github.com/amsultan2010/crosscode 8/2026 – Present
Creator & Maintainer

- Engineered an open-source, MIT-licensed MCP that allows for seamless multiplayer agentic coding.
- Shipped crosscode-cli to npm, surpassing 1,700 downloads through organic Hacker News traction and SEO.

Downforce | downforceblog.com 9/2025 – Present
Founder & Writer

- Author race reports, editorials, and beginner guides for a self-built, independent Formula 1 blog, amassing over 42,000 views.

LEADERSHIP AND VOLUNTEERING

Z Combinator | zcombinator.dev 8/2026 – Present
Founder & President *Riyadh, Saudi Arabia*

- Architected a 3-month startup accelerator guiding 15 student founders from idea to shipped product.
- Curated twice-weekly build sessions and workshops on shipping, user acquisition, pricing, and pitching, securing guest speakers including the Managing Partner of Propeller ($30M venture fund) and LlamaIndex's Growth Marketing Lead.
- Designed a technical track building AI fluency and training members to integrate agentic tools and automation into their startups; established a school-backed growth funding pathway for ventures with proven traction.

Aspiring Doctors' Club 8/2025 – 9/2026
Leader (Promoted Within First Year) *Riyadh, Saudi Arabia*

- Pioneered a tech-in-medicine curriculum, introducing 12 core members to AI healthcare tools such as AlphaFold and TRIBEv2.
- Coordinated a school-wide Diabetes Awareness workshop in partnership with 15+ King Faisal University students, reaching 60+ attendees.

CodeNinjas 6/2026 – 8/2026
Volunteer Sensei, Summer Camp *Sienna, Texas*

- Mentored 65 elementary students 12 hours/week in LEGO robotics, and 3D modeling, cultivating foundational computer science skills.

AWARDS AND ACHIEVEMENTS

Grade 10 Science Outstanding Achievement Award & Inquisitive Learner's Award 6/2026
American International School *Riyadh, Saudi Arabia*

- **Science Award:** selected as 1 of 3 students grade-wide, teacher-nominated for sustaining top grades.
- **Inquisitive Learner's:** awarded to 1 of 5 students across the entire high school for curiosity and depth of learning.

AIS-R Varsity Boys' Tennis Team 2/2026
American International School *Riyadh, Saudi Arabia*

- Ranked #2 seed on varsity; selected for SAIKAC tournament in Jeddah before the season was suspended due to regional conflict.

Pingry Public Forum Debate Club 11/2024
The Pingry School *Basking Ridge, New Jersey*

- Placed first at the Horace Mann Invitational Juniors Public Forum Debate Tournament with a 5–0 undefeated record.
